December 4, 2012

Dear Hunter Mill Friends,

There was lots of Tysons action at Tuesday's Board of Supervisors meeting. We discussed three separate items on our agenda that dealt with funding of transportation and transit improvements in and around Tysons. We heard public testimony on the creation of Tysons Transportation Service District which would provide the needed funds for the creation of streets and walkways. We also discussed the composition of an Advisory Board, which will provide input on the tax rate and priorities for projects funded by the service district. We discussed the establishment of two Tysons transportation funds to better manage transportation proffers. All three actions were deferred until our next meeting on January 8, 2013. This will give the Board the opportunity to continue to refine these proposals.

Your contributions of new, unwrapped toys, games and books are now being collected at the police stations throughout Fairfax County for distribution to children at hospitals and through local charities. On Tuesday, December 11th our Fairfax County Police motorcycle squad joins with other municipal motorcycle police for Santa's Ride. This year, Santa's Ride will make stops at Vienna Elementary and Terraset Elementary Schools on their way to the Government Center. It is quite a sight.

If you haven't already, be sure to mark your calendar for the Hunter Mill Holiday Open House on Wednesday, December 12th, 4:30-6:30 p.m. at the North County Governmental Center (12000 Bowman Towne Drive, Reston). I hope you will stop by and share a cup of cheer.

My staff and I extend our best wishes for a happy holiday and a prosperous New Year.

Cathy Hudgins

Route 7 Widening: Reston Avenue to Jarrett Valley Drive Comments Needed: On November 28, the Virginia Department of Transportation held a public information meeting regarding the Route 7 widening project between Reston Avenue and Jarrett Valley Drive. The project is slated to increase this section of Route 7 from four lanes to six lanes. Pedestrian and bicycle improvement are included in the project. The purpose of the meeting was to brief citizens and organizations on the project. Presently, there is only partial funding for a preliminary design and there is no construction funding. Information about the Route 7 widening project can be viewed at http://www.virginiadot.org/projects/northernvirginia/route_7_widening_-_reston_ave_to_dtr.asp. Comments about the project can be emailed to meeting_comments@vdot.virginia.gov. Please include "Route 7 Widening –Reston Avenue to Jarrett Valley Drive" in the email subject line. If you have any questions about the project or the planning process, please feel free to contact the Hunter Mill District office at 703-478-0283.

Barnes and Noble Bookstore to Close in Reston: On December 5, 2012, [Reston Patch](#) ran an article indicating Reston Barnes & Noble, located in the Spectrum Center at Reston Town Center, is closing in early 2013. Reston Barnes & Noble has been a landmark in the Reston community and enjoyed by many over the years. While I appreciate the concern for the loss of Barnes & Noble in Reston, this is a private matter and is strictly the result of the contractual relationship between the owner of Spectrum and Barnes & Noble.

ACTION ITEMS

Action 1: Creation of a Tysons Transportation Service District Advisory Board. The Board deferred the decision on creating a Tysons Transportation Service District and Advisory Board until the next meeting on January 8, 2013. The Service District would generate revenue to fund a portion of the transportation and transit needs within Tysons over the next 40 years. An Advisory Board would provide input on the annual adjustment of the road fund rates which would go to pay for the local street network and transportation improvements. Supervisor Hudgins requested that an additional Hunter Mill representative be included to reflect the property owners in the Service District.

Action 7: Establishment of the “Tysons-Wide” and “Tysons Grid of Streets” Transportation Funds. Along with the previous Action (#1) on Tysons, the Board also deferred decision on establishing the two transportation funds. The funds support two different sets of transportation improvements to address the traffic impact of new developments. “Tysons-Wide” improvements are located within as well as outside Tysons, while the “Grid of Streets” is located entirely within Tysons.
